

A Message From The Maple Bluff Police Department

May 15, 2024: Are you tired of reckless drivers speeding by your home or business? Do you want to make a difference and promote safer driving in your community? The Maple Bluff Police Department is joining other agencies in Dane County to conduct increased speed enforcement during a campaign from May 24th-31st. And you can help by displaying a SLOW DOWN yard sign at your property.

By putting up a SLOW DOWN yard sign, you are reminding drivers to be cautious, considerate, and responsible on the road. And the best part? You can pick up one or more of these signs for free at the Maple Bluff Village Center from May 21st-24th during normal business hours.

This campaign is a countywide, collaborative effort aimed at promoting safer driving and reducing accidents. By participating, you are joining forces with your local police department, community or neighborhood groups, Safe Communities of Madison – Dane County, and the Dane County Traffic Safety Commission.

Let's work together to make our roads safer for everyone. Get your free SLOW DOWN yard sign and help spread the message of responsible driving in your community.
